CCURB Appetite Suppressant Dietary Supplement DARK CHOCOLATE

DID YOU KNOW...

Consistently consuming more calories than you burn virtually guarantees weight gain, even if the calories consumed are from healthy foods. In order to lose one pound per week, you need to reduce your calorie intake by an average of 500 calories a day!

- Controls food cravings fast!
- Convenient spray delivery system
- Delicious dark chocolate flavor

CURB is a revolutionary dietary appetite suppressant designed to work with the GIATrim Weight-Loss System, by helping to control cravings that can lead to overeating. Thanks to CURB's oral spray delivery system, combined with GIA's proprietary Single-File Alignment (SFA) and ERT technologies, nutrients are delivered quickly, directly, and in a highly absorbable fashion.*

By single-file aligning (SFA) and energetically entraining its world class nutritional formulations with the proprietary GIAplex[™] technology, GIA Wellness has revolutionized the way nutritional products are recognized, absorbed, and utilized by your body. GIAplex has been designed to optimize the natural potency, vitality, and absorbability of every single nutrient, so that you get to enjoy the benefits of truly unparalleled product performance.*

KEY INGREDIENTS & BENEFITS*

Bitter Orange

- Used in traditional Chinese medicine for thousands of years for various health and metabolism-related purposes
- Has been shown to reduce hunger, offering faster weight loss and more energy

L-Carnitine

- Studies have shown that taking L-Carnitine before meals can support the body's process of breaking down fats
- A Vanderbilt University report illustrated that L-Carnitine increases the body's energy supply by burning triglycerides for fuel. This in turn helps the body burn fat and supports its stamina

5-HTP

- "Not only does it improve mood, it also suppresses hunger and helps to curb weight gain. 5-HTP has been studied for over 30 years. Several clinical trials have shown that it works to lower the number of calories eaten and aids in weight loss." – *Dr. Oz*
- A study published by the Journal of Neural Transmission showed that over a 5-week period, women who took 5-HTP felt noticeably decreased appetite, experienced reduced food intake, and enjoyed measurable weight loss.

Green Tea

- A 2012 90-day study showed obese adults using Green Tea in their diet lost 24 more pounds than those not using Green Tea
- Experts dietitians say, "Green tea can help you lose weight, because it actually suppresses the appetite and inhibits the accumulation of excess body fat!"

FREQUENTLY ASKED QUESTIONS*

HOW CAN AN APPETITE SUPPRESSANT HELP ME?

As countless weight loss studies have proven, when trying to reach and maintain a healthy body weight, it is not just *what* you eat, but *how much* of it you eat. Smart portion control and managing your hunger have become absolutely crucial in reaching your desired weight – and maintaining it. An appetite suppressant can help control those pesky food cravings that can lead to overeating.

HOW DOES IT WORK?

GIATrim CURB contains a proprietary blend of proven hunger suppressing ingredients formulated to aid in your weight loss - so you won't find yourself wanting to snack in between meals.

Most importantly, CURB's liquid spray delivery system, combined with GIA's proprietary Single-File Alignment (SFA) and ERT technologies, ensure the hunger-fighting ingredients are delivered to your body quickly, directly, and in a highly absorbable fashion.

IS IT SAFE?

Both L-Carnitine and 5-HTP are compounds that occur naturally in the body. If you have existing gastrointestinal problems or are taking antidepressants (such as an SSRI or MAOI), consult your physician before using this supplement.
