

# home harmonizer

## Description

The GIA Harmonizer is the most advanced way to create an energetically harmonious environment in your home, office, and/or hotel room. This innovative device is the result of intensive research and development in the field of bioenergetics & electro-sensitivity. The Harmonizer's convenient size makes it also the perfect travel companion, so you can create an energetically calm & relaxing space anywhere you go!

## Benefits

- Powered by ERT to help reinforce your body's natural resilience to the effects of everyday stress in your home, office, or when traveling
- Designed to cover up to a 60-foot radius
- Uses no electricity
- Easy and convenient. Plug into your wall outlet (for bio-energetic reasons, not for power) and you're ready to go!

## Available In

- Single
- 4 Pack

## Technology Used

- Energy Resonance Technology (ERT)

## How to use

- Plug the Harmonizer into a centrally located wall socket or power strip in your home or office. The Harmonizer will cover up a 60-foot radius from where you place it. For best results, use in rooms where you spend the majority of your time (e.g. bedroom, family room, office, etc.)

## Product Highlights

- Revolutionized the way biofield-reinforcing frequencies are utilized by the body's biofield
- Through ERT, the body's natural biofield strength is optimized to a level where you can truly thrive energetically, even in the most stressful environments
