

Hydra-Renew Mist

Description

The perfect ultra-hydrating mist to round out your skincare routine. Hydra-Renew Mist will revitalize, hydrate, and nourish your skin in exceptional ways with its humectants, botanicals, and moisture retaining ingredients. In addition to being formulated with SFA to increase absorption 3-fold, Hydra-Renew Mist is energetically entrained with the proprietary Energy Resonance Technology (ERT) to assist with optimal absorption and long-lasting skin hydration. Use GIA's Hydra-Renew Mist as part of your daily skincare regimen by misting it on your skin several times per day. You won't want to go without it ever again!

Benefits and Notes:

- SFA & ERT Technology: Designed to noticeably support the absorption and effectiveness of handpicked ingredients
- Perfect for a hydrating boost both under and over make-up
- Rose Oil: Provides hydrating properties with its vitamins and minerals, while fighting off inflammation and redness
- Humectants: Support your skin's hydration levels while reinforcing the moisture barrier on the skin.

How to Use

- Ready to use!
- Gently shake and spray 5-8 times throughout the day or at the end of your skincare routine.
- Use any time your skin needs hydration and nutrition.
- Avoid spraying directly on lips and eyes (for external use only).

Technology Used

- Single File Alignment (SFA)
- Energy Resonance Technology (ERT)
