

smart strips

Description

The GIA Smart Strip Set is a collection of energetically entrained, flexible circles, strips, and patches that come in three convenient sizes. Whether your body craves less stress, more energy, better balance, or a greater state of comfort, the GIA Smart Strips are the perfect solution for people that care about the state of their energetic wellness. GIA Smart Strips have been designed to reinforce your body's natural energy field using our patented ERT technology providing relief and energetic support - simply and effectively.

Benefits

- Energetically optimized with ERT to reinforce your body's natural resilience to the effects of everyday stress
- More flexibility & better range of motion
- An effective way to support your body's natural ability to alleviate stress & discomfort
- Less discomfort in the area of the body where the Smart Strip is placed

Size

- Patch: 5.5 x 7.5"
- Strip: 1.9 x 6.8"
- Circle: 1.6"

Technology Used

- Energy Resonance Technology (ERT)

Set Includes

- (1) ERT-Charged Patch (use for targeting large areas of the body, e.g. your back)
- (1) ERT-Charged Strip (Use for neck, arms, legs, and more)
- (3) ERT-Charged Circles (use for pinpointing specific areas of the body)
- (15) Smart Stix (double-sided adhesive stickers for temporarily adhering Smart Strips to your body)

How to Use

1. Choose the appropriate size Smart Strip for the area of your body you would like to target
2. Peel one Smart Stix (or more depending on size Smart Strip) from paper backing to expose adhesive
3. Place the adhesive side of Smart Stix on the non-logo'd side of your Smart Strip
4. Peel the white paper from the exposed side of the Smart Stix to expose the adhesive
5. Apply the Smart Strip with the adhesive side to the area that you would like to target
6. When not in use, remove the Smart Stix from the Smart Strips and store in the original packaging
