

i-rest

dietary sleep support formula

Description

i-Rest is a dietary sleep support supplement containing a unique, super-liquid combination of Melatonin and 7 other all-natural sleep support ingredients - all of them renowned for their sleep support qualities. i-Rest is not only delivered in a highly absorbable fashion thanks to the combination of GIA's proprietary Single-File Alignment (SFA) and ERT technologies, it also has a soothing Chamomile-Lemon flavor. So, if you're looking forward to falling asleep faster and sleeping soundly through the night, then you'll love having i-Rest as your sleep-time companion.
