

SMART STRIPS

ENERGETICALLY ENHANCED FOR
RELIEF FROM COMMON STRESS & DISCOMFORT

ASSORTED SHAPES & SIZES

Even while living a healthy, active lifestyle, the effects of undue stress can compromise your sense of well-being. The GIA Smart Strip Set is a collection of energetically entrained, flexible circles, strips, and patches. They come in three convenient sizes, with a supply of double-sided adhesive Smart Stix for easy placement and removal. Whether your body craves less stress, more energy, better balance, or a greater state of comfort, the GIA Smart Strips are the perfect solution for people that care about the state of their energetic wellness.*

By energetically entraining its groundbreaking “Inspired Energy” products with the proprietary Energy Resonance Technology (ERT), GIA Wellness has revolutionized the way biofield-reinforcing frequencies are utilized by the body’s energy field. Through ERT, the body’s natural biofield strength is optimized to a level where you can truly thrive energetically, even in the most stressful environments.*

SMART STRIP SET INCLUDES

- (1) **ERT-Charged Patch** 5.5 x 7.5" (Use for targeting large areas of the body, for example your back)
- (1) **ERT-Charged Strip** 1.9 x 6.8" (Use for neck, arms, legs and more)
- (3) **ERT-Charged Circles** 1.6" (Use for pinpointing specific areas of the body)
- (15) **Smart Stix** (Double-sided adhesive stickers for temporarily adhering Smart Strips to your body)

SMART STRIPS

ENERGETICALLY ENHANCED FOR
RELIEF FROM COMMON STRESS & DISCOMFORT

*"Last week my daughter turned her ankle pretty severely. We weren't anywhere near a place to grab ice or an ice pack for her, but I had my new Smart Strips in the car. I immediately took off her tennis shoe and sock and gently wrapped placed the long narrow Smart Strip across her ankle. We left it there for several hours. I am happy to report that by that evening she was walking with full weight and she said she could definitely tell that the Smart Strip helped tremendously" **

T.B., Rancho Bernardo, CA

*"I carry A LOT of tension through my shoulders. For years, I have had an almost constant pressure and tightness across the top of my back. It was astounding to me that within an hour of putting the Smart Strips (I used two) across my shoulders, I felt better. Now, I continue to wear them and have noticed just a huge difference." **

G.K., Laguna Beach, CA

The GIA ERT-charged Smart Strips are made with a body-friendly neoprene-type material that is flexible, durable, and reusable. By energetically entraining the GIA Smart Strips with GIA's proprietary Energy Resonance Technology (ERT), GIA Wellness has revolutionized the way biofield-reinforcing frequencies are utilized by the body's energy field. Through ERT, the body's natural biofield strength is optimized to a level where you can truly thrive.

How to Use/Apply Your Smart Strips:

- 1 Choose the appropriate size Smart Strip for the area of your body that you would like to target.
- 2 Peel one Smart Stix** (or more depending on the size of Smart Strip being used) from the paper backing to expose the adhesive.
- 3 Place the adhesive side of the Smart Stix on the non-logo'd side of your Smart Strip.
- 4 Peel the white paper from the exposed side of the Smart Stix to expose the adhesive.
- 5 Apply the Smart Strip with the adhesive side to the area that you would like to target.
- 6 When not in use, remove the Smart Stix from the Smart Strips and store in the original packaging.

** A medical-grade adhesive or wrap may be used in place of the Smart Stix. For example, a skin-friendly adhesive tape, an ACE™ bandage, wrap, gauze, band aids, etc. (not included in Smart Strip Set).

Care Instructions:

Provided you use and handle your Smart Strips as directed, you should not have to clean them. If you desire to clean them anyway, please carefully mist GIA i-H2O and gently wipe off any residue with a soft cloth or a paper towel. Avoid showering, bathing and perspiring while wearing your GIA Smart Strips, as exposure to moisture may shorten the lifespan of your Smart Strips.
