

gia[™] smart strips

FOR RELIEF FROM COMMON STRESS & DISCOMFORT

Thank you for your purchase of the GIA Smart Strip Set, powered by GIA's proprietary Energy Resonance Technology (ERT™). Please read the following instructions to ensure proper use, as well as long term, repeat usability of your GIA Smart Strips.

Each Smart Strip Set Consists of:

- 1 ERT-Charged Patch** 5.5 x 7.5" (Use for targeting larger areas of the body)
- 1 ERT-Charged Strip** 1.9 x 6.8" (Use for neck, arms, legs and more)
- 3 ERT-Charged Circles** 1.6" (Use for pinpointing specific areas of the body)
- 15 Smart Stix** (Double-sided adhesive stickers for adhering Smart Strips to your body)

POWERED BY ERT™

The GIA ERT-charged Smart Strips are made with a neoprene-type material that is flexible, durable and reusable.

By energetically entraining the GIA Smart Strips with GIA's proprietary Energy Resonance Technology (ERT), GIA Wellness has revolutionized the way biofield-reinforcing frequencies are utilized by the body's energy field. Through ERT, the body's natural biofield strength is optimized to a level where you can truly thrive.

HOW TO USE/APPLY YOUR SMART STRIPS

- 1 Choose the appropriate size **Smart Strip** for the area that you would like to treat.
- 2 Peel one **Smart Stix*** (or more depending on the size of Smart Strip being used) from the paper backing to expose the adhesive.
- 3 Place the adhesive side of the **Smart Stix** on the non-Logo'd side of your Smart Strip.
- 4 Peel the white paper from the exposed side of the **Smart Stix** to expose the adhesive.
- 5 Apply the **Smart Strip** with the adhesive side to the area to be treated.
- 6 When not in use, remove the **Smart Stix** from the Smart Strips and store in the original packaging.

* A medical-grade adhesive or wrap may be used in place of the Smart Stix. Ex: skin-friendly adhesive tape, an ACE™ bandage, wrap, gauze, band aids, etc (not included in Smart Strip Set).

Care Instructions:

Provided you use and handle your Smart Strips as directed, you should not have to clean them. If you desire to clean them anyway, please carefully mist GIA i-H2O and gently wipe off any residue with a soft cloth or a paper towel. *Avoid showering, bathing and perspiring while wearing your GIA Smart Strips, as exposure to moisture may shorten the lifespan of your Smart Strips.*
